

HNX Levy Increase Notice

To: Dear customers

From December 15, 2022, due to the increase in related taxes brought about by the increase in the margin ratio of the Vietnam Exchange, the original tax rate was increased from 13%*0.05% of the contract value to 17%*0.05%. Therefore, we need to increase the tax rate on customers for the exchange.

At present, the margin ratio charged by our company to customers remains unchanged. If there is any adjustment, it will be announced separately
